There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. Showing me some better..Here Comes Mr. Jordan was a whimsical film fantasy of the 1940s about a boxer taken to Heaven before he was due; as compensation, he was redelivered into another man's body, with all sorts of supposedly humorous complications. I didn't think it was very funny then, and I didn't think it was very funny when it reappeared as Heaven Can Wait, though Warren Beatty did a nice job as the dumb athletic type (a football player now) and Dyan Cannon shrieked to great effect a couple of times.. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..McKHlian looked horrified, as any good ecologist would..I know I don't dare force the issue; even if I
