when. All this took only two days, and all the time Early was looking and probing toward Endlane village, sending Hound there before him, sending his own presentment there to watch. When he knew where the man was he betook himself there very quickly, on eagle's wings; for Early was a great shape-changer, so fearless that he would take even dragon form. His sudden tension and immobility, the strained face and inward look, were like those of a woman in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, 'in the Mountain'?" "And cast wide!" He looked from one to the other again. "I wasn't well taught, in the City of Havnor," he said. "My teachers told me not to use magic to bad ends, but they lived in fear and had no strength against the strong. They gave me all they had to give, but it was little. It was by mere luck I didn't go wrong. And by Anieb's gift of strength to me. But for her I'd be Gelluk's servant now. Yet she herself was untaught, and so enslaved. The cowboys were discussing whether or not it was safe to eat the meat of a steer dead of the murrain. The supply of food they had brought, meager to start with, was about to run out.
